Spire Nottingham Hospital

About Spire Nottingham Hospital

At Spire Healthcare we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently achieve excellent results, in a safe and secure environment. For us it's more than just treating patients, it's about looking after people, and the safety of our patients and colleagues is our number one priority.

It's our people that really set us apart

We know that you insist on the highest standards of care for the patients who put their trust in you, and you can be sure that our team will continue that care. For us it's more than just treating patients, it's about giving patients, their family and friends the most positive experience we possibly can in our hospital.

Our consultants

Every consultant working at Spire Nottingham Hospital is on the specialist register of the General Medical Council and has met our practising privileges criteria. We know continuity of care is important. Once a patient has chosen his or her consultant, we will make sure that he or she is looked after by the same consultant, from the first appointment and throughout all treatment and follow-up care.

Our nursing staff

All our nurses are highly qualified and dedicated to caring for patients in a professional manner. For ultimate reassurance, we have a fully trained clinical team equipped to deal with medical emergencies 24 hours a day.

All the facilities you'd expect and more

- Our 42 private rooms are set in pleasant surroundings and all have satellite television, free wifi access and personal nurse call system

In addition to our private rooms, we offer:

- Critical care unit (level 3)
- 23 consulting rooms
- 4 laminar flow operating theatres, including one hybrid theatre
- A JAG accredited endoscopy suite
- 3 outpatient procedure rooms
- Multiple outpatient testing and treatment rooms
- On-site CSSD – decontamination and sterilisation department
- Paediatric services for children from birth and surgery for children from twelve months
- Parent and child rooms
- One-stop breast clinic
- Pharmacy
- CPA accredited pathology service

Emergency admissions

Call **0115 937 7771** and ask for the nurse in charge. The hospital **does not** have an accident and emergency facility.

How to refer your patients

At Spire Nottingham we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently deliver excellent patient care, in a safe and secure environment. We work to ensure every patient is treated as if they were our own vulnerable relative.

Self-funding patients

Self-funding patients are able to be seen by a consultant without a GP referral, although a letter is often preferred. We can provide a tailored fixed price inclusive care package* with no hidden extras on a range of diagnostic tests, treatments and surgical procedures. For more information, please call our Self-pay team on **0115 937 7735**.

- 1 Use Spire Connect to upload the referral letter. Call **0115 937 7735** if you have any queries.
- 2 Our team will contact your patient to discuss consultants, dates, times and pricing.
- 3 We'll update you on your patients' progress.

Patients with private medical insurance

A referral letter is generally required from you before any insured patient can be seen by a consultant. Patients can call our bookings team on **0115 937 7801** to arrange a convenient appointment.

- 1 Use Spire Connect to refer your patient. All patients using private insurance will need a referral letter.
- 2 Our team will contact your patient to discuss consultants, times and dates.
- 3 Your patient needs to contact their insurer to make sure they are covered for their appointment to see their chosen consultant.
- 4 We'll update you on your patients' progress.

NHS referrals

Spire Nottingham Hospital provides a range of elective surgical services on behalf of the NHS. Full details of the services provided can be found on, and referrals must be made via, the NHS eReferral system (<https://www.ebs.ncrs.nhs.uk/>).

Referral letters

Referral letters can be:

- Submitted online at <https://spireconnect.spirehealthcare.com/>
- Emailed with encryption to nottinghamhosprivatetreatment@spirehealthcare.com

Self-pay treatment

For help in arranging self-funded consultations and treatment, including guide prices for investigations and surgery, please ask patients to contact our self-pay team on:

Phone: **0115 937 7735**

Email:

nottinghamhospprivatetreatment@spirehealthcare.com

Our fixed price packages* offer the following benefits:

- Fast access to leading consultants
- Treatment dates to suit the patient
- Personalised support and care

Typical treatments that can be self-funded:

- Cataract surgery
- CT, MRI and ultrasound scans
- Endoscopy procedures
- Hernia repair
- Knee, hip, or shoulder surgery
- Varicose vein treatment

*Please see a copy of Spire Healthcare's patient terms and conditions for full details. Prices vary per treatment and are dependent on each patient's individual circumstances and needs.

Urgent/unplanned admissions

If you have a specific consultant to refer to and you have their contact details, you can organise this with them directly. Alternatively, you can call us and ask for the 'nurse in charge' of the wards, who will take initial details of the patient and organise the consultant for you.

The hospital does not have an accident and emergency facility.

GP education

We provide regular GP conferences and evening seminars, which take the form of lectures, Q&As, demonstrations and clinical case presentations by our specialist consultants.

Our events are **free of charge** and are generally evening or half-day sessions to provide flexibility to you.

How to find out about our events

Search '**Spire Nottingham GP Education**'

All of our events are published on Eventbrite where you can book a place. Please note that these events are first come, first served so please book on as soon as possible.

To view our current events, please search '**Spire Nottingham Eventbrite**' or visit:

Lunch & Learn

We offer a lunch and learn service for our local GP practices.

One of our consultants will host a lunchtime educational talk on a specialty or treatment of your choice. CPD points are available from these education sessions.

Contact us to find out more.

GP support

Spire Nottingham's onsite teams offer prompt and friendly assistance for GPs and primary care professionals to help you in looking after your patients.

Primary Healthcare Relationship Manager

Our Primary Healthcare Relationship Manager is responsible for liaising with GP practices and other primary care professionals. Their role is to familiarise you with our services and consultants and to make it as easy as possible for your patients to be seen and treated at Spire Nottingham Hospital.

The Primary Healthcare Relationship Manager can be contacted on:

Email: notthosmarketing@spirehealthcare.com

Self-pay Team

Our self-pay team are here to help with arranging self-pay consultations and treatment, including guide prices for investigations and surgery.

One-off private treatment at a fixed price*

- Available for in-patient and day-case procedures, subject to patient pre-assessment.
- Normally includes all consultant and hospital fees, out-patient physiotherapy and one follow up appointment.
- Treatment of complications*

Patients can contact the team on:

Phone: **0115 937 7735**

Email: nottinghamhosprivatetreatment@spirehealthcare.com

*Spire Healthcare patient terms and conditions apply.

Clinics and services

Cardiology and Cardiac

Spire Nottingham Hospital has a dedicated cardiology and Cardiac service, for all your heart's needs. We offer a range of tests, scans and procedures performed by consultant cardiologists, cardiac physiologists, cardiac nurses and cardiac surgeons for adults and under 18's.

Our experienced staff will ensure your visit to us is as convenient and comfortable as possible. We will provide advice, guidance and support at every stage and will explain what tests we are going to do, how long they will take, what you can expect and the costs.

Outpatients heart tests and scans include:

- Ambulatory 24 hour blood pressure monitor
- Cardiac CT
- Cardiac MRI
- Dobutamine stress echocardiogram
- ECG monitoring or event recorder
- Echocardiogram
- Electrocardiogram (ECG)
- Exercise tolerance test (ETT)
- Implantable loop recorder

Theatre heart procedures include:

- Ablation of arrhythmia
- Cardioversion
- Coronary angiogram
- Coronary angioplasty
- Coronary artery bypass surgery (heart bypass)
- Heart valve replacement
- Left atrial appendage (LAA)
- Pacemaker/defibrillator
- Patent foramen ovale closure
- Transcatheter Aortic Valve Insertion (TAVI)
- Transoesophageal echocardiogram (TOE)

Appointments: **0115 937 7801**

Cardiology team:

**nottinghamhospcardiologyteam@
spirehealthcare.com**

Imaging

At Spire Nottingham Hospital, we offer fast access to a range of diagnostic services. Our highly qualified and experienced staff are supported by the latest scanning and equipment to enhance and support diagnostics. We offer flexible appointments and fast reporting. We have specialist Consultant Radiologists on hand to report as soon as possible.

CT imaging services include:

- Cardiac
- Colonography
- General and Musculoskeletal
- Interventional (injections)
- Neurological imaging
- Vascular

MRI imaging services include:

- All MRI (including neurological imaging, biliary and small bowel)
- Cardiac MR
- MPMRI (Multiparametric Prostate Imaging)
- Neurological imaging
- Spinal spectroscopy

Ultrasound imaging services include:

- General & Musculoskeletal
- Interventional including injections/aspirations and biopsies
- Vascular ultrasound (arterial and venous doppler)
- TA/TV (paediatrics)

Interventional procedures include:

- Fibroid embolisation and varicocele
- Peripheral artery angioplasty

Fluoroscopy examinations include:

- Barium swallows
- HSGs

Appointments: **0115 937 7801**

Directory listings

A

Allergy

Dr Alexandra Croom

Anaphylaxis, angioedema, latex allergy and mast cell activation syndromes, management of food hypersensitivity (including food anaphylaxis, IgE and non-IgE-mediated food allergy and food intolerance), seasonal and perennial allergic rhinitis and urticarial conditions.

B

Breast surgery

Mr Amit Goyal

Breast cancer surgery, breast enlargement (augmentation), breast lift (mastopexy), breast reconstruction, breast reduction, breast reduction for men (gynaecomastia), liposuction, nipple correction and scar revision.

Miss Monika Kaushik

Benign breast problems, breast cancer and oncoplastic surgery, breast lump investigation and cosmetic breast surgery.

Mr Hazem Khout

Benign breast problems, breast cancer, breast care and breast oncoplastic surgery.

Mr Jaroslaw Krupa

Benign breast problems, breast and oncoplastics, breast cancer and cosmetic breast surgery.

Miss Georgette Oni

Breast lump investigation, breast lump removal, breast reconstruction following mastectomy, mastectomy, breast reconstruction, breast reduction, breast uplift, breast reduction for men (gynaecomastia) and inverted nipple surgery.

Miss Kalliope (Poppy) Valassiadou

Breast conserving, breast health risk assessment, breast implant removal, breast infection, breast lump investigation, breast lump removal, breast reconstruction following mastectomy, breast reduction, breast remodelling for cancer surgery, and breast uplift (mastopexy).

C

Cardiology

Dr Nauman Ahmed

Cardiac magnetic resonance imaging, heart failure management, heart rhythm disorders and pacing including complex devices and inherited cardiac conditions.

Dr Arif Ahsan

Ablation, arrhythmias, devices, heart failure, interventional cardiology, ischemic heart disease, stents, syncope and valve disease.

Dr Imran Ansari

Advanced non invasive cardiac imaging services include transthoracic echocardiogram (3D evaluation of heart and strain analysis), dobutamine stress echocardiogram and transesophageal echocardiogram.

Professor Kamran Baig

All types of cardiovascular disorders, cardiac valve disorders, complex coronary artery disease and percutaneous valve implantation (TAVI).

Dr Julia Baron

All types of cardiovascular disorders, cardiac valve disorders, complex coronary artery disease and percutaneous valve implantation (TAVI).

Dr Rajesh Chelliah

Heart failure, implantable devices, device therapy, arrhythmias, pacing (cardiology), invasive cardiology and cardiac electrophysiology.

Dr Kamal Chitkara

Coronary angiography, coronary angioplasty and stenting, CT coronary angiography and DC cardioversion.

Dr Iftikhar Fazal

Palpitations and arrhythmia, heart failure, implantable devices, device therapy, pacing (cardiology) and invasive cardiology.

Dr Ever Grech

All types of cardiovascular disorders, cardiac valve disorders, complex coronary artery disease and percutaneous valve implantation (TAVI).

Dr Ashan Gunarathne

PCI (angiography and stenting), cardiac catheterisation and coronary angioplasty, angina, atrial fibrillation, coronary and structural interventions, ischemic heart disease, left atrial appendage occlusion (atrial fibrillation related), palpitations and valve disease.

Dr Shazia Hussain

Chest pain assessment, blood-pressure assessment and control, investigation of palpitations and interpretation of ECG's and monitoring.

Dr Shahnaz Jamil-Copley

All arrhythmias including atrial fibrillation and ventricular tachycardia, atrial fibrillation, atrial tachycardias, cardiac electrophysiology, device therapy, invasive electrophysiology and supraventricular tachycardias.

Dr Hazlyna Kamaruddin

Cardiac imaging, electrocardiogram, heart failure, stress echocardiogram and transoesophageal echocardiography.

Dr Jeffrey Khoo

Cardiac MRI scan, heart MRI, cardiomemo recording, electrocardiogram (ECG), exercise electrocardiogram and stress electrocardiogram.

Professor Jan Kovac

Cardiac catheterisation, coronary angioplasty, mitral valvuloplasty, LAA closure, PFO closure, Radial and femoral, TAVI and balloon aortic valvuloplasty.

Dr Ian Loke

All areas of cardiology such as coronary artery disease, hypertension and management of arrhythmias and even non cardiac areas such as renal medicine and lung disease. Cardiac catheterisation, cardiomo recording, cardioversion, electrocardiogram, exercise electrocardiogram and pacemaker implantation.

Dr Thomas Mathew

Cardiovascular imaging, general cardiology, cardiac magnetic resonance imaging, heart failure management, heart rhythm disorders and inherited cardiac conditions.

Dr Bhavik Modi

Investigation and management of chest pain with angiography and angioplasty/stenting, including blood tests for heart disease risk (cardiac testing), cardiac catheterisation, cardioversion, coronary angioplasty and electrocardiogram.

Professor Andre Ng

All arrhythmias including atrial fibrillation and ventricular tachycardia, atrial fibrillation, atrial tachycardias, cardiac electrophysiology, catheter ablation, device implantation including pacemaker, implantable defibrillators and biventricular pacing.

Dr Vickram Singh

All general cardiology conditions with special interest in chest pain and valvular heart disease. Non-invasive cardiac imaging modalities; cardiac CT and advanced echocardiography.

Dr Riyaz Somani

Sees adults and children. All arrhythmias including atrial fibrillation and ventricular tachycardia, atrial fibrillation, atrial tachycardias, cardiac electrophysiology, device therapy, invasive electrophysiology and supraventricular tachycardias.

Dr Andrew Vanezis

Complex coronary angioplasty, including opening chronically blocked arteries. Chest pain, breathlessness, palpitations, dizzy spells or blackouts, swollen legs and fatigue.

Cardiac Surgery

Mr Lean Hadji-Nikolaou

Bypass surgery, aortic valve replacement and complex aortic surgery.

Mr Giovanni Mariscalco

Bypass surgery, aortic valve repair/replacement and mitral valve repair/replacement and complex aortic surgery.

Mr Adam Szafrank

Heart rhythm surgery, mitral and tricuspid valve surgery (including valve repair), aortic root and ascending aorta and aneurysm surgery, minimal invasive approaches to cardiac surgery.

Colorectal

Mr Austin Acheson

Benign anorectal disease, colonoscopy, colorectal cancer, hernias, inflammatory bowel disease, laparoscopic surgery, lumps and bumps.

Mr Balamurali Bharathan

Analfissure, anal warts, bowel surgery, colostomy and ileostomy, cancer tests, colonoscopy, CT scan, flexible sigmoidoscopy, hernia surgery and haemorrhoid removal.

Professor John Scholefield

Anal cancer and pre-malignant conditions, colorectal cancer screening, immunotherapy for colorectal cancer, molecular changes in early colorectal cancer, novel treatments for faecal incontinence and for anal fissures, pharmacology of the anal sphincter and radiotherapy in rectal cancer.

D

Dermatology

Dr Anand Patel

Sees adults and children. Acne, benign lesions, eczema, laser, mole removal, psoriasis, skin cancer and skin surgery, including mohs surgery.

Dr Ashish Sharma

Mohs micrographic surgery, laser treatment of vascular disorders, skin cancer and pre-malignancy, eczema, psoriasis and acne.

Dr Sandeep Varma

Acne, skin cancer and mole checks.

E

Ear, nose and throat

Miss Priya Achar

Sees adults and children. ENT surgery, dizziness treatment, earwax removal, grommets insertion, hearing loss, tonsillectomy and adenotonsillectomy.

Mr Neil Fergie

Sees adults and children. Balance disorders, general ENT, otology and paediatric ENT.

Professor Douglas Hartley

Sees adults and children. Balance problems and dizziness, bone-anchored hearing aids and cochlear implants, chronic ear disease and cholesteatoma, ear surgery including grommets, hearing loss, mastoidectomy, nose and sinus problems, ear, nose and throat conditions in adults and children, tonsil and adenoid problems

Mr Anand Kasbekar

Sees Adults and Children: General ENT conditions, adenoid and tonsil problems, ear and balance/dizziness including hearing implants. Ear wax, Hearing loss, grommets, tinnitus, eustachian tube dysfunction (including tuboplasty), cholesteatoma, sore throat, tongue tie, nasal conditions, allergies.

Mr Yujay Ramakrishnan

Sees adults and children. Allergy, balloon sinuplasty, endoscopic sinus surgery, rhinoplasty, septorhinoplasty and snoring.

Professor Anshul Sama

ENT surgery, nasal and sinus surgery, rhinology, rhinoplasty, skull base surgery and snoring treatments.

Professor Lorna Sneddon

ENT diagnosis and management including hoarseness, sore throats, neck lumps, nasal congestion, nasal polyps, hearing changes, ear infections, feeling of something in throat, silent reflux, eustachian tube dysfunction, voice problems, throat irritation, thyroid swelling and thyroid lump management.

G

Gastroenterology

Dr Timothy Bowling

Anaemia, colonoscopy, endoscopy, indigestion, inflammatory bowel disease, irritable bowel and reflux.

Dr Aditya Mandal

Colorectal cancer screening, endoscopy and colonoscopy and inflammatory bowel disease.

General surgery

Mr Austin Acheson

Benign anorectal disease, colonoscopy, colorectal cancer, hernias, inflammatory bowel disease, laparoscopic surgery, lumps and bumps.

Mr Ian Beckingham

Achalasia, Benign UGI surgery, CBD stones, gallstones, hernia surgery, HPB surgery, laparoscopic surgery for reflux, liver and pancreas surgery for cancer and spleen.

Mr Balamurali Bharathan

Hernia surgery, haemorrhoids removal treatment, colonoscopy, bowel surgery, colostomy and ileostomy.

Mr Adam Brooks

Gallbladder and biliary disease, hernia surgery, laparoscopic hernia repair, liver and pancreas cancer, liver and pancreas surgery.

Mr Iain Cameron

Gallbladder disease, gallstones, hepatobiliary surgery, hernia surgery and laparoscopic surgery.

Mr James Catton

Gallbladder removal, inguinal hernia repair, laparoscopic cholecystectomy, laparoscopic hernia repair TAPP, laparoscopic hernia repair TEP, oesophageal surgery, oesophagogastric cancer, paraumbilical and umbilical hernia repair and upper gastrointestinal disease.

Mr Dhanwant Gomez

Acute pancreatitis, gallbladder surgery, general surgery, hepatobiliary surgery, hernia repair surgery, HPB surgery and pancreatic surgery.

Mr Paul Leeder

Management of gallstones, reflux and hernia, surgical management of obesity and diabetes.

Professor John Scholefield

Anal cancer and pre-malignant conditions, colorectal cancer screening, immunotherapy for colorectal cancer, molecular changes in early colorectal cancer, novel treatments for faecal incontinence and for anal fissures, pharmacology of the anal sphincter and radiotherapy in rectal cancer.

Mr Ravinder Vohra

Keyhole gallbladder operations, reflux and hiatus hernias and abdominal wall hernia.

Mr Fady Yanni

General surgery, hernia surgery, laparoscopic hernia repair, laparoscopic cholecystectomy, upper GI surgery, laparoscopic anti-reflux, hiatus hernia repair, laparoscopic treatment of achalasia, laparoscopic excision of GIST, cancer oesophagus, cancer stomach, upper GI diagnostic and interventional endoscopy.

Miss Daniela Zanotti

Gallbladder or gallstone removal, gastroscopy, hernia surgery, gastroesophageal reflux surgery (anti-reflux surgery), hiatus hernia repair, incisional hernia repair (laparoscopic).

GP service

Dr Amine Boughellam

General practice issues with a special interest in type two diabetes, mental health issues, vertigo and skin problems.

Dr Jing Mao

General practice issues with a special interest in dermatology, ENT and women's health.

Dr Sally Nicholson

Sees adults and children. General practice issues with a special interest in complicated joint problems including multiple joint pain, sports problems, mental health issues, ENT, gastroenterology including IBS and dermatology.

Gynaecology

Dr Shilpa Deb

Colposcopy, endometrial ablation, hysterectomy, laparoscopic surgery for endometriosis, ovarian cyst removal and sterilisation.

Mr Kettan Gajjar

Cervical cancer, colposcopy, general gynaecology, gynaecological laparoscopic surgery, gynaecological oncology, hysteroscopy, menstrual disorders and ovarian cancer.

Mr Kettan Gajjar

Cervical cancer, colposcopy, general gynaecology, gynaecological laparoscopic surgery, gynaecological oncology, hysteroscopy, menstrual disorders and ovarian cancer.

Miss Carmen Gan

Colposcopy, endometrial ablation surgery, hysterectomy surgery, laparoscopy gynaecological investigation, ovarian cyst removal, sentinel lymph node biopsy and lymph node removal.

Miss Zeina Haoula

Colposcopy, menopause, menstrual disorders, minimal access gynaecological surgery and PCOS.

Mr Paul Hooper

General gynaecology – menstrual disorders, pelvic pain, post-birth problems, urogynaecology – urinary incontinence and vaginal prolapse.

H

Hand therapy

Miss Emma Bamford

Acute traumatic injuries, such as complex fractures and tendon injuries.

Miss Katie Horton

Acute injuries such as tendon repairs, fractures, nerve repairs, ligament injuries and soft tissue lacerations.

Miss Gemma Johnson

Acute injuries with an interest in wrist conditions and Dupuytren's.

M

Menopause specialist

Dr Louise Glasgow

Female urology, menopause, post menopausal problems, psychosexual medicine, sexual dysfunction, sexual health, sleep disorders, urinary tract infections and urogynaecology.

Dr Joanne Hobson

Bone health in menopausal women, menopause including hormonal and non-hormonal treatment and alternative treatments, premature ovarian insufficiency, psychosexual problems in men and women of all ages.

N

Neurophysiology

Dr Dawn Reeve

Neurological and other health conditions, including traumatic brain injury, dementia and multiple sclerosis.

Dr Thabit Sabbubeh

Sees adults and children. Electroencephalography (EEG), electromyography (EMG), nerve conduction studies and neuromuscular disorders.

Dr Ahmed Vanker

Sees adults and children. Cognitive behaviour therapy (CBT), neurological, psychiatric and psychological.

Neurology

Dr Nin Bajaj

Headache treatments, tremor, dementia, memory and Parkinson's disease.

Dr Saam Sedehizadeh

Headache treatments, tremor, dementia, neuralgia (nerve pain) treatment, muscle diseases, neuromuscular disorders, memory and Parkinson's disease.

Neurosurgery

Mr Alex Leggate

Back pain investigations, spinal surgery, carpal tunnel syndrome surgery, CT scan, epidural injections, facet joint injections, nerve conduction studies and electromyography, pain management injections for back facet joints and rhizolysis.

O

Oncology

Dr Santhanam Sundar

Prostate cancer, bladder cancer, kidney cancer, ovarian cancer, endometrial cancer, general management of all common cancer, chemotherapy, radiotherapy, hormone therapy, immunotherapy, IMRT and molecular targeted therapy.

Ophthalmology

Mr Amar Alwitary

Age related macular degeneration, cataract and refractive surgery (including one-stop cataract surgery, use of premium lenses and intraocular contact lenses), glaucoma, lid surgery, medical retina and minor eye procedures.

Professor Harminder Dua

Dry eye syndrome treatment, cataract removal, refractive lens surgery, cornea diseases and ocular surface reconstruction.

Mr Imran Jawaid

Sees adults and children. Complex paediatric ophthalmology and strabismus, offering surgical treatments for minor eyelid lumps and bumps, cataract surgery, YAG laser and squint surgery.

Professor Anthony King

Glaucoma treatment.

Spire

Nottingham Hospital

World-class experts in diagnostics

At Spire Nottingham Hospital you can see leading diagnostic experts in as little as **48 hours** – so you can get better, faster.

Our experienced and highly qualified staff produce quick, accurate results in the comfort of a private hospital.

Fast, flexible access to diagnosis and treatment

You can access our services when you need them, with appointment times available Monday to Friday to suit you.*

Advanced technology

We use the latest, most advanced technology and equipment to help you take the first step towards reclaiming your health.

Comprehensive range of diagnostic services

- CT scanning
- Mammography
- MRI scanning
- Ultrasound
- X-ray services

Looking after you.

Mr Veerabahu Senthil Maharajan

Cataract removal surgery, corneal grafts and pterygium excision.

Professor Dalia Said

Cataract removal surgery, dry eye syndrome treatment, blepharoplasty, refractive lens surgery, corneal transplant, limbal stem cell transplant and pterygium surgery.

Mr Srinivasan Subramaniam

Cataracts and complex cataract surgery and refractive lens exchange surgery.

Mrs Katya Tambe

Adult and paediatric oculoplastics including: lid, lacrimal, periocular tumours and periocular aesthetics including upper and lower lid blepharoplasty, cataract and oculoplastics.

Mr Shery Thomas

Cataracts in adults and children, double vision, nystagmus and squint.

Mr Anwar Zaman

Cataract surgery and retinal disease surgery.

Oral and maxillofacial surgery

Dr Nabeela Ahmed

Sees adults and children. Anti-wrinkle treatment by injection, cheek implants, chin implant, dental implants, ear pinning (pinnaplasty), eyelid surgery or eye bag removal (blepharoplasty), facelift, jaw cyst removal, mini facelift, mole, cyst, wart and skin tag removal, neck lift, tongue tie treatment, wart and skin tag removal and wisdom teeth removal.

Mr Rory O'Connor

Sees adults and children. Anti-wrinkle treatment by injection, cheek implants, chin implant, dental implants, ear pinning (pinnaplasty), eyelid surgery or eye bag removal (blepharoplasty), facelift, jaw cyst removal, mini facelift, mole, cyst, wart and skin tag removal, neck lift, tongue tie treatment, wart and skin tag removal and wisdom teeth removal.

Mr Andrew Sidebottom

Sees adults and children. Anti-wrinkle treatment by injection, cheek implants, chin implant, dental implants, ear pinning (pinnaplasty), eyelid surgery or eye bag removal (blepharoplasty), facelift, jaw cyst removal, mini facelift, mole, cyst, wart and skin tag removal, neck lift, tongue tie treatment, wart and skin tag removal and wisdom teeth removal.

Orthopaedic – foot and ankle

Mr Martin Raglan

Ankle replacement, ankle arthroscopy, bunion removal, ganglion removal surgery and joint pain treatment.

Mr Hatem Salem-Saqer

Ankle arthroscopy, ankle replacement, bunion removal and treatment and ganglion removal surgery.

Orthopaedic – hand and wrist

Mr Dan Armstrong

Carpal tunnel syndrome surgery, collagenase for Dupuytren's disease (Xiapex), cubital tunnel syndrome (open and endoscopic release), de Quervains disease, Dupuytren's contracture, ganglion removal surgery, hand and wrist arthritis, hand and wrist fractures (including treating complications), joint pain treatment (joint injections), lumps and bumps in the hand and wrist, musicians hand problems, scaphoid fractures, small joint replacement, trigger finger release, wrist arthroscopy, wrist instability.

Miss Kate Brown

Carpal tunnel syndrome surgery, Dupuytren's contracture, ganglion removal surgery, joint pain treatment (joint injections), neuralgia (nerve pain) treatment and trigger finger release.

Mr Nick Johnson

Carpal tunnel syndrome surgery, Dupuytren's contracture, ganglion removal surgery, joint pain treatment (joint injections), neuralgia (nerve pain) treatment, trigger finger release, de Quervains disease, hand and wrist fractures (including treating complications), scaphoid surgery and wrist fracture surgery.

Mr Attila Kovacs

Carpal tunnel syndrome surgery, cubital tunnel syndrome surgery, nerve compressions, tendon injuries, flexor tendon pulley injuries, dupuytren disease, ganglions of wrist and fingers, finger mucoid cysts, arthritis of finger joints, thumb basal joint arthritis, wrist arthritis, malunion of wrist, hand or finger fractures.

Orthopaedic – hip and knee

Professor Robert Ashford

Hip and knee surgery, musculoskeletal tumour surgery, skeletal metastatic disease, bone and soft tissue tumours and sarcomas.

Mr Reshid Berber

Primary and complex joint replacement surgery with a special interest in revision knee surgery. Hip replacement surgery, joint pain treatment (joint injections), knee arthroscopy surgery, knee replacement and unicompartmental knee replacement.

Mr Navjot Bhango

ACL knee ligament reconstruction, meniscal repair, arthroscopy, cartilage surgery (knee), chondral grafting, total knee replacement, knee arthroscopy, knee ligament repair, knee preservation surgery, partial knee replacement, patella realignment, patellofemoral joint replacement, PCL reconstruction, tibial tubercle transfer.

Mr Benjamin Bloch

Hip and knee replacement, hip and knee surgery, knee arthroscopy, knee osteotomy, revision hip and knee replacements,

Mr David Hahn

Sees adults and children aged 13 – 17 years old. ACL reconstruction, arthroscopy, hip replacements, knee injuries, knee replacements, knee surgery

Mr Tom Kurien

Knee arthroscopy surgery, ligament surgery, total knee replacement and unicompartmental knee replacement, pain management, ACL reconstruction, cartilage regeneration procedures, meniscal repair, multi-ligament knee surgery, patella stabilisation surgery and tendon surgery.

Mr Andrew Manktelow

Complex primary hip surgery, hip resurfacing surgery, hip revision surgery, joint replacement, primary hip and knee surgery.

Mr Khosrow Sehat

Hip replacement surgery, knee arthroscopy surgery, knee replacement, other treatments, non-arthritic hip pain, knee cartilage injury reconstruction.

Mr Paul Szypryt

ACL knee ligament reconstruction, hip and knee replacement, knee arthroscopy, osteotomy.

Mr Tony Westbrook

Hip replacement surgery, knee arthroscopy surgery, knee replacement, revision lower limb arthroplasty, sports injuries.

Orthopaedic – shoulder and elbow

Mr John Geoghegan

Sees adults and children. Cubital tunnel syndrome, degenerative and osteoarthritic conditions of the shoulder, elbow degeneration, elbow injuries, joint pain treatment (joint injections), rotator cuff repair, shoulder arthroscopy, shoulder replacement surgery, shoulder stabilisation, soft tissue injuries of the shoulder and tennis elbow.

Mr Ben Gooding

Degenerative and osteoarthritic conditions of the shoulder, elbow degenerative conditions, elbow replacement, elbow sports injuries, elbow tendon and overuse injuries including keyhole tennis and golfer's elbow surgery, joint pain treatment (joint injections), rotator cuff repair, shoulder arthroscopy, shoulder dislocation, shoulder replacement surgery, shoulder stabilisation and soft tissue injuries.

Mr Malin Wijeratna

Frozen shoulder, hydrodilatation, joint pain treatment (joint injections), rotator cuff repair, shoulder arthroscopy, shoulder impingement, shoulder replacement surgery, shoulder stabilisation and tennis elbow.

Orthopaedic – spinal

Mr Mike Grevitt

Back pain investigations (discography), back surgery (spinal surgery), vertebroplasty, balloon kyphoplasty, epidural injections, facet joint injections, scoliosis correction, pain management and injections for back and facet joints.

Mr Mohammed Shakil Patel

All aspects of spinal surgery from the cervical spine to the sacrum with a specialist interest in deformity. Treatments undertaken include spinal and facet joint injections, discectomies, decompressions, spinal fusions as well as adult and paediatric spinal deformity corrections.

Mr Nas Quraishi

Degenerative spine (cervical/lumbar) disease, spinal deformity surgery, spinal oncology, trauma and infection and vertebroplasty /kyphoplasty.

Mr Khalid Salem

All types of back pain, degenerative spine disease, minimally invasive surgery including vertebroplasty/kyphoplasty, spinal surgery and tumours.

Mr Massood Shafafy

Sees adults and children. Back pain, deformity and paediatric deformity, neck pain, sciatica and spinal surgery.

Mr Magnum Tsegaye

Spinal surgery (NHS only).

Mr Wai Yoon

Sees adults and children. Deformity, degenerative spine, infection, lower back pain and tumours.

P

Paediatrics

See pages 24 – 25 for consultants who see paediatric patients

Pain management

Dr Piotr Buczkowski

Chronic pain, complex regional pain, neuropathic pain, persisting pain after injury or surgery and spinal (lower back and neck) pain.

Dr Vanessa Hodgkinson

Back pain, complex regional pain, neuropathic pain, pelvic/genital pain and spinal cord stimulation.

Dr Bala Veemarajan

Epidural injections, facet joint injections, chronic pain management, Rhizolysis Neuralgia (nerve pain) treatment, pain management, pain management injections for back and facet joints, caudal epidural, coccyx, piriformis injections, diagnostic medial branch blocks, genicular nerve blocks for knee pain, nerve blocks for shoulder pain, nerve root block, occipital nerve blocks for headaches, post surgical pain, radiofrequency rhizolysis, sacroiliac joint injection and transformational epidural.

Plastic surgery

Mr Mark Henley

Arm reduction and arm lift, breast enlargement, breast implant removal, breast reduction, breast uplift (mastopexy), eyelid surgery or eye bag removal (blepharoplasty), facelift, liposuction, male breast reduction surgery (gynaecomastia), nose reshaping (rhinoplasty), thigh and buttock lift and tummy tuck (abdominoplasty).

Mr Ciaran O'Boyle

Breast enlargement, breast reduction, breast uplift, brow lift, chest reduction, dermabrasion, ear correction, eyelid surgery, face lift, liposuction, nose reshaping and tummy tuck.

Mr Graham Offer

Abdominoplasty, blepharoplasty, body lifts, breast enlargement, breast reduction, breast uplift and revision surgery, facial, fat grafting (lipofilling), labiaplasty, liposuction, male breast reduction, prominent ear correction, rhinoplasty.

Miss Georgette Oni

Breast reconstruction following mastectomy, mastectomy, breast reconstruction, breast reduction, breast uplift, breast reduction for men (gynaecomastia), inverted nipple surgery, ear pinning, eyelid surgery (blepharoplasty), labial reduction surgery, mole, cyst, wart removal, scar revision, abdominoplasty and thigh and buttock lift.

Mr Nakul Patel

Sees adults and children. Abdominoplasty, arm lift, arm reduction, blepharoplasty, breast enlargement, breast reduction, brow lift, facelift, gynaecomastia, neck lift, pinnaplasty and rhinoplasty, removal of skin lesions, moles and potential cancers.

Mr Jonathan Pollock

Skin oncology, head and neck reconstruction.

Mr Matt Smith

Sees adults and children. Abdominoplasty, all facial cosmetic surgery with the exception of rhinoplasty, breast surgery, liposuction and non-surgical cosmetic treatment.

Mr Jonathan Syme-Grant

Sees adults and children. Abdominoplasty, breast enlargement, breast reduction, breast uplift, cleft surgery and paediatric plastic surgery, facial aesthetic surgery including; patients who have had a cleft lip and/or palate, liposuction, pinnaplasty and rhinoplasty.

Mr Sarmad Tamimy

Breast enlargement, breast reduction, breast uplift, brow lift, chest reduction, dermabrasion, ear correction, eyelid surgery, face lift, liposuction, nose reshaping and tummy tuck.

R

Radiology

Dr Smeer Aggarwal

Musculoskeletal radiology.

Dr Rosemina Ahmad

Gynaecological ultrasound, interventional radiology, multiparametric MRI prostate.

Dr Miaad Al-Attar

Breast radiology.

Dr Mauro Albrizio

Musculoskeletal radiology.

Dr Rajesh Bhatt

Musculoskeletal, spine and sports medicine imaging.

Dr Christopher Clarke

Abdominal and oncologic ultrasound, fluoroscopy, CT and MRI imaging.

Dr Aparna Deshpande

Cardiothoracic Radiology including cardiac MRI and CT.

Dr Stephen Goode

Arterial and venous occlusive diseases including acute and chronic DVT, cardiac imaging, cardiac MR, coronary CT angiography, interventional radiology, vascular intervention and vascular malformation sclerotherapy.

Dr Said Habib

Arterial and venous occlusive diseases including acute and chronic DVT, cardiac imaging, cardiac MR, coronary CT angiography, interventional radiology, vascular intervention and vascular malformation sclerotherapy.

Dr Arieff Hassan

Musculoskeletal and sports imaging, musculoskeletal radiology, soft tissue sarcoma and spinal imaging.

Dr Moin Hoosein

Breast imaging.

Dr Sumit Jagani

Paediatric radiology including US and barium.

Dr Ketan Jethwa

General radiology TA/TV ultrasound and breast imaging.

Dr Neghal Kandiyil

Arterial and venous occlusive diseases including acute and chronic DVT, cardiac imaging, cardiac MR, coronary CT angiography, interventional radiology, vascular intervention and vascular malformation sclerotherapy.

Dr Amanjot Karuppiah

Breast radiology.

Spire

Nottingham Hospital

We have launched the Midlands Cardiac Centre

Spire Nottingham Hospital is pleased to announce the commencement of cardiac surgery in our hospital, along with the opening of our Cardiac Centre.

An investment of £1.1 million was secured to purchase surgical implementation. The intention is to undertake procedures for both NHS and private patient groups which will alleviate pressure on waiting lists in our area.

Patients undergoing cardiac surgery at Spire Nottingham Hospital will benefit from a simple pathway for referring patients to services through this strong regional network between cardiologists and cardiac surgeons.

We have seen patients from throughout the Midlands region and beyond, with over 400 GP practices currently referring into the service.

Book to see an expert today

Call 0115 937 7801

Looking after you.

Dr Imran Khan

Musculoskeletal radiology intervention including US/CT/Fluoroscopy guided injections and nerve root blocks, sarcoma Imaging, soft tissue and bone biopsy.

Dr Khalid Latief

Musculoskeletal and gastrointestinal imaging.

Dr Jonothan Lloyd

Complex urological interventions, imaging of kidneys stones, investigation of incontinence, prostate cancer imaging (including multiparametric MRI), urological radiology including intervention and urodynamics.

Dr Sujit Nair

Neuro radiologist.

Dr Sophie O'Dowd

Body CT and MRI, including gynaecology and urology, and plain film.

Dr Lubna Phillips

Breast imaging.

Dr Praveen Rao

Cardiac radiology, chest radiology, CT scanning, magnetic resonance imaging, nuclear medicine, radiology and vascular radiology.

Dr Mark Regi

Arterial and venous occlusive diseases including acute and chronic DVT, cardiac imaging, cardiac MR, coronary CT angiography, interventional radiology, vascular intervention and vascular malformation sclerotherapy.

Dr Winston Rennie

Musculoskeletal radiology.

Dr Jagrit Shah

Specialise in all aspects of diagnostic imaging of the brain, spine and the head and neck.

Dr James Thomas

Musculoskeletal and sports imaging, musculoskeletal radiology and spinal imaging.

Dr William Topping

CT including CT for cancer, cardiac CT including cardiac screening and general MRI, including neurology.

Dr Ram Vaidhyanath

Neuro radiologist.

Respiratory and sleep medicine

Dr Arun Khanna

General respiratory outpatient services, diagnostics, treatment of respiratory disorders, including asthma and COPD.

Professor Michael Steiner

General respiratory outpatient services, diagnostics including CT imaging and lung physiology, treatment of respiratory disorders including asthma, COPD, interstitial lung diseases, bronchiectasis, assessment and treatment of sleep and ventilation disorders, including obstructive sleep apnoea.

Rheumatology

Dr Alison Kinder

Inflammatory arthritis, systemic lupus erythematosus, connective tissue disease, vasculitis, hypermobility, lower back pain, sciatica, neck, shoulder, wrist pain, gout, osteoporosis, fibromyalgia, soft tissue rheumatology, aspiration and injections of joints and bursa.

Dr Francis Kynaston-Pearson

Sees adults and children. Specialises in a full range of rheumatic conditions, including chronic pain management, connective tissue disease (lupus, myositis, sjogrens, scleroderma, vasculitis, polymyalgia, rheumatica), crystal arthritis (gout, calcium pyrophosphate deposition), fibromyalgia, hypermobility and hypermobile ehlers-danlos, inflammatory arthritis (rheumatoid, psoriatic, reactive and enteropathic), osteoarthritis and soft tissue conditions (eg bursitis, carpal tunnel).

Dr Arumugam Moorthy

Ankylosing spondylitis, back pain, chronic pain, fibromyalgia, intraarticular joint injection, joint injection, lupus, musculoskeletal ultrasound, osteoporosis, pain management, pregnancy and rheumatic disease, Raynaud's phenomenon, reactive arthritis, rheumatoid arthritis and soft tissue rheumatism.

S

Sports and exercise medicine

Professor Mark Batt

Sees adults and children aged 3 – 17 years old. Sports injuries: children, adolescents and adults (young to elderly); musculoskeletal pain related to physical activity illness or injury related to physical activity, exercise and sport involving: neck, shoulder, arm, elbow, forearm, wrist, chest wall abdominal wall, back, buttock, hip, groin, thigh, knee, patella, lower leg, calf ankle, heel, foot, rotator cuff, subacromial, tennis/golfers elbow, meniscus, achilles tendon, sports hernia, quadriceps and hamstring.

Professor Nicholas Peirce

Musculoskeletal pain related to physical activity illness or injury related to physical activity, exercise and sport involving: neck, shoulder, arm, elbow, forearm, wrist, chest wall abdominal wall, back, buttock, hip, groin, thigh, knee, patella, lower leg, calf ankle, heel, foot, rotator cuff, subacromial, tennis/golfers elbow, meniscus, achilles tendon, sports hernia, quadriceps and hamstring.

U

Urology

Mr Dhaval Bodiwala

Benign prostatic disease, endoscopic surgery, general urology, prevention, diagnosis and management of stone disease.

Mr Philip Goodall

Bladder lesion removal, circumcision, cystectomy, cystoscopy, epididymal cyst removal, hydrocele surgery, nephrectomy, orchidopexy, prostate surgery, testicular implants and urethrectomy.

Mr Gurminder Mann

Benign kidney disease, bladder cancer, laparoscopic renal surgery and renal cancer.

Mr Stephen Miller

Benign prostate disease, general urology and urinary tract stone disease.

Mr Hari Ratan

Endourology and management of urinary tract stone disease, prostate cancer and metabolic stone disease.

Mr Tom Walton

Laparoscopic and robotic prostate surgery, laparoscopic renal surgery, prostate cancer, renal and upper tract urothelial cancer and transperineal template prostate biopsy.

V

Vascular

Mr Bruce Braithwaite

Arterial surgery, claudication, deep venous reconstruction, deep venous surgery, endovascular aneurysm repair, general surgery, hernia repair, keyhole varicose vein surgery, laser treatment, local anaesthetic vein treatments, renal vascular access, varicose veins, venous ulcers, VNUS closure procedure (endovenous ablation) and VNUS EVLT foam sclerotherapy.

Mr Robert Davies

Arterial surgery, claudication, deep venous reconstruction, deep venous surgery, endovascular aneurysm repair, general surgery, hernia repair, keyhole varicose vein surgery, laser treatment, local anaesthetic vein treatments, renal vascular access, varicose veins, venous ulcers, VNUS closure procedure (endovenous ablation) and VNUS EVLT foam sclerotherapy.

Mr Shane MacSweeney

Abdominal aortic aneurysms diseased blood vessels taking blood to the brain (carotid surgery) for the prevention of stroke, excessive sweating and or facial flushing, leg ulcers, poor blood supply to the legs, varicose veins and other venous problems.

Mr Greg McMahon

Arterial surgery, claudication, deep venous reconstruction, deep venous surgery, endovascular aneurysm repair, general surgery, hernia repair, keyhole varicose vein surgery, laser treatment, local anaesthetic vein treatments, renal vascular access, varicose veins, venous ulcers, VNUS closure procedure (endovenous ablation) and VNUS EVLT foam sclerotherapy.

Mr Akin Oluwole

Aneurysm surgery (endovascular and open), carotid and diabetic foot surgery, endovenous surgery, sweaty armpits, sweaty palms, varicose vein surgery and VNUS bypass procedure.

Mr Harjeet Rayt

Aortic aneurysms, carotid artery disease, claudication, peripheral arterial disease, vascular malformation and varicose veins.

Mr Tryfon Vainas

Arterial surgery, claudication, deep venous reconstruction, deep venous surgery, endovascular aneurysm repair, general surgery, hernia repair, keyhole varicose vein surgery, laser treatment, local anaesthetic vein treatments, renal vascular access, varicose veins, venous ulcers, VNUS closure procedure (endovenous ablation) and VNUS EVLT foam sclerotherapy.

Spire

Nottingham Hospital

Make referrals easy with Spire Connect

Spire Connect serves GPs, practice staff and all other healthcare professionals.

Send referrals securely and instantly using our dedicated referral portal today.

With Spire Connect you can:

- Make secure online referrals for a broad range of treatments and services
- Save time and paper
- Refer patients who have health insurance or who want to pay for themselves
- Receive email confirmations once your referral is submitted and processed
- Access sent information at any time
- Find direct contact information for your local Spire Healthcare hospital

Looking after you.

Paediatrics

Cardiology

Dr Rizwan Rehman

Diagnosis and management of a wide range of paediatric Cardiac issues including cardiac murmurs, chest pain, palpitations, breathlessness and syncope (fainting).

Dr Riyaz Somani

All arrhythmias including atrial fibrillation and ventricular tachycardia, atrial fibrillation, atrial tachycardias, cardiac electrophysiology, device therapy, invasive electrophysiology and supraventricular tachycardias.

Dermatology

Dr Anand Patel

Sees adults and children. Acne, benign lesions, eczema, laser, mole removal, psoriasis, skin cancer and skin surgery, including mohs surgery.

Dietician

Dr Laura Allen

Faltering growth (nutrition support), fussy eating, food allergy/intolerance, irritable bowel syndrome (including low FODMAP diet), coeliac disease and other gastrointestinal conditions.

Ear, nose and throat

Miss Priya Achar

ENT surgery, dizziness treatment, earwax removal, grommets insertion, hearing loss, tonsillectomy and adenotonsillectomy.

Mr Neil Fergie

Sees adults and children. Balance disorders, general ENT, otology and paediatric ENT.

Professor Douglas Hartley

Sees adults and children. Balance problems and dizziness, bone-anchored hearing aids and cochlear implants, chronic ear disease and cholesteatoma, ear surgery including grommets, hearing loss, mastoidectomy, nose and sinus problems, ear, nose and throat conditions in adults and children, tonsil and adenoid problems.

Mr Anand Kasbekar

Sees Adults and Children: General ENT conditions, adenoid and tonsil problems, ear and balance/dizziness including hearing implants. Ear wax, Hearing loss, grommets, tinnitus, eustachian tube dysfunction (including tuboplasty), cholesteatoma, sore throat, tongue tie, nasal conditions, allergies.

Gastroenterology

Dr Sabarinathan Loganathan

Colonoscopy, gastroscopy, allergic bowel disease, coeliac disease, constipation, dyspepsia, feeding difficulties, functional bowel disorders, gastroesophageal reflux, helicobacter infection, inflammatory bowel disease, liver disease and polyposis conditions.

GP service

Dr Sally Nicholson

General practice issues with a special interest in seeing patients with complicated joint problems including multiple joint pain, sports problems, mental health issues, ENT, gastroenterology including IBS and dermatology.

Neurophysiology

Dr Thabit Sabbubeh

Sees adults and children. Electroencephalography (EEG), electromyography (EMG), nerve conduction studies and neuromuscular disorders.

Dr Ahmed Vanker

Sees adults and children aged 6 – 17 years old. Cognitive behaviour therapy (CBT), neurological, psychiatric and psychological.

Ophthalmology

Mr Imran Jawaid

Complex paediatric ophthalmology and strabismus, offering surgical treatments for minor eyelid lumps and bumps, cataract surgery, YAG laser and squint surgery, in children and adults.

Mr Shery Thomas

Cataracts in adults and children, double vision, nystagmus and squint.

Mrs Katya Tambe

Adult and paediatric oculoplastics including: lid, lacrimal, periocular tumours and periocular aesthetics including upper and lower lid blepharoplasty, cataract and oculoplastics.

Oral and maxillofacial surgery

Dr Nabeela Ahmed

Sees adults and children. Anti-wrinkle treatment by injection, cheek implants, chin implant, dental implants, ear pinning (pinnaplasty), eyelid surgery or eyebag removal (blepharoplasty), facelift, jaw cyst removal, mini facelift, mole, cyst, wart and skin tag removal, neck lift, tongue tie treatment, wart and skin tag removal and wisdom teeth removal.

Dr Rory O'Connor

Sees adults and children. Anti-wrinkle treatment by injection, cheek implants, chin implant, dental implants, ear pinning (pinnaplasty), eyelid surgery or eyebag removal (blepharoplasty), facelift, jaw cyst removal, mini facelift, mole, cyst, wart and skin tag removal, neck lift, tongue tie treatment, wart and skin tag removal and wisdom teeth removal.

Mr Andrew Sidebottom

Sees adults and children. Anti-wrinkle treatment by injection, cheek implants, chin implant, dental implants, ear pinning (pinnaplasty), eyelid surgery or eyebag removal (blepharoplasty), facelift, jaw cyst removal, mini facelift, mole, cyst, wart and skin tag removal, neck lift, tongue tie treatment, wart and skin tag removal and wisdom teeth removal.

Orthopaedic – hip and knee

Mr David Hahn

Sees adults and children aged 13 – 17 years old. ACL reconstruction, arthroscopy, hip replacements, knee injuries, knee replacements and knee surgery.

Orthopaedic – shoulder and elbow

Mr John Geoghegan

Cubital tunnel syndrome, degenerative and osteoarthritic conditions of the shoulder, elbow degeneration, elbow injuries, joint pain treatment (joint injections), rotator cuff repair, shoulder arthroscopy, shoulder replacement surgery, shoulder stabilisation, soft tissue injuries of the shoulder and tennis elbow.

Orthopaedic – spinal

Mr Massood Shafafy

Sees adults and children. Back pain, deformity and paediatric deformity, neck pain, sciatica and spinal surgery.

Mr Wai Yoon

Sees adults and children. Deformity, degenerative spine, infection, lower back pain and tumours.

Paediatricians

Dr Dilip Nathan

Asthma, anxiety and sleep related problems, chronic fatigue/ME, constipation, diarrhoea, abdominal pain, gastroenterology, weight and nutritional concerns, cysts and lumps, epilepsy and fits, headaches, reflux in babies and respiratory disorders.

Dr Abraham Neduvamkunil

Asthma, wheeze, allergy, coughs and recurrent infections, eczema and skin problems, growth, feeding disorders and food intolerance, headaches, fits, epilepsy, development and neurological problems, nutrition, weaning, constipation, diarrhoea, reflux, abdominal pain, sleep problems, psychological issues, urine infections and bedwetting.

Plastic surgery

Mr Nakul Patel

Removal of skin lesions, moles and potential cancers, pinnaplasty and rhinoplasty.

Mr Matt Smith

Abdominoplasty, all facial cosmetic surgery with the exception of rhinoplasty, breast surgery, liposuction and non-surgical cosmetic treatment.

Mr Jonathan Syme-Grant

Paediatric plastic surgery, facial aesthetic surgery including: patients who have had a cleft lip and/or palate, pinnaplasty and rhinoplasty.

Rheumatology

Dr Alison Kinder

Inflammatory arthritis, systemic lupus erythematosus, connective tissue disease, vasculitis, hypermobility, lower back pain, sciatica, neck, shoulder, wrist pain, gout, osteoporosis, fibromyalgia, soft tissue rheumatology, aspiration and injections of joints and bursa.

Sports and exercise medicine

Professor Mark Batt

Sees adults and children aged 3 – 17 years old. Sports Injuries: children, adolescents and adults (young to elderly); Musculoskeletal pain related to physical activity Illness or injury related to physical activity, exercise and sport involving: neck, shoulder, arm, elbow, forearm, wrist, chest wall abdominal wall, back, buttock, hip, groin, thigh, knee, patella, lower leg, calf ankle, heel, foot, rotator cuff, subacromial, tennis/golfers elbow, meniscus, achilles tendon, sports hernia, quadriceps and hamstring.

Urology

Mr Bharat More

All urological and general surgical procedures in children, circumcision, cystoscopy, hernia surgery, hypospadias repair, laparoscopy, undescended testis and urinary incontinence.

Mr Sandeep Motiwale

Abdominal pain, any lumps or swellings in children, circumcision, constipation, hernia, hernia surgery, hydrocele, hydrocele surgery, ingrowing toe nails, laparoscopic surgery, orchidopexy, preutioplasty, tongue tie treatments, umbilical hernia and undescended testes.
